1 of 3

SUMMARY

‘The Financial Technology Protection Act of 2025’ establishes an ‘Independent Financial Technology Working Group’ to counter terrorism and illicit financing via digital assets.

KEY HIGHLIGHTS

- Establishes an independent Financial Technology Working Group.
- Researches terrorist and illicit use of digital assets and related technologies.
- Recommends laws to prevent money laundering, terrorism, and other forms of combat illicit financing.
- Requires the presentation of a strategy within 180 days to prevent the use of digital assets for sanctions evasion.
